Niranjan Kumar J

B.E. CSE at SRM Madurai | Web Developer in Progress | Building
Clean, Responsive Digital Experiences | Driven by Creativity +
Technology

Madurai South, Tamil Nadu, India

Summary

I am currently pursuing my Bachelor of Engineering in Computer
Science and Engineering at SRM Madurai College for Engineering
and Technology. I am passionate about building meaningful digital
experiences through web development and web design, and I enjoy
exploring how clean code and creative UI/UX can work together to
solve real-world problems.

My interests include front-end development, responsive design, and
modern web technologies. I actively practice building websites and
interfaces that are user-focused, efficient, and visually engaging. As I
continue my academic journey, I am working to expand my technical
skills, take on challenging projects, and collaborate with others who
share a similar drive for innovation.

I am always eager to learn, improve, and connect with professionals
in the tech industry. My long-term goal is to grow into a skilled web
developer capable of delivering high-quality products that make a
positive impact.

If you are interested in networking or collaboration opportunities, I
would be glad to connect.
